# FIND YOUR PASSION. FIND YOUR Y.

As Chairman of the Board, I am pleased to share this year's annual report and to reflect on the meaningful progress we have made in advancing our multi-year strategic plan. Our focus remains clear: strengthening financial stability and sustainability, expanding our capacity to serve, and deepening our impact on youth development.

Over the past year, we have taken important steps to ensure long-term financial health. Through disciplined stewardship, focused fundraising, and thoughtful expense management, we have improved our operating position and strengthened our reserve funds. These efforts are helping to position the YMCA to remain a reliable, mission-driven resource for generations to come.

At the same time, we recognize the growing needs within our community. More than 40% of households in our area fall within or below the ALICE population – Asset Limited, Income Constrained, Employed – families who work hard but struggle to meet basic needs. This reality guides our commitment to accessibility. We continue to provide financial assistance to ensure that no one is turned away due to inability to pay. In addition, our Free Rides To and From the Y program offers free transportation to the Y via WexExpress, reducing barriers and connecting youth and families to safe, enriching opportunities.

Expanding capacity has also been a priority. While we make preparations for grander expansion in the future, we continue to work to make a difference today. Increased program enrollment, strategic partnerships, and enhancements to our facilities have allowed us to serve more individuals while maintaining high-quality programming. Nowhere is this impact more evident than in our youth development initiatives. From afterschool programs and summer camps to mentoring and wellness activities to free memberships for all seventh graders in our community, we are investing in the next generation—building character, confidence, and a strong foundation for lifelong success.

Thank you for your continued support and belief in our mission. Together, we are creating a stronger, healthier community where everyone has the opportunity to thrive.

Sincerely,

Chad Geiger,  
Chairman of the Cadillac Area YMCA Board of Directors

# NEW YMCA STAFF

Melissa Austin joined our staff as the Youth Development Coordinator in August 2025. She brings more than 20 years of experience working with children and families. She is passionate about helping youth and families grow and succeed, with a strong focus on building meaningful relationships that create supportive, inclusive environments where individuals feel welcome, can learn, develop, and thrive.

Melissa holds a bachelor's degree in Family Studies from Central Michigan University and a K-8 teaching certification. She also earned a master's degree in early childhood education and is currently pursuing a Master of Social Work degree, further strengthening her ability to support youth and families in our community.

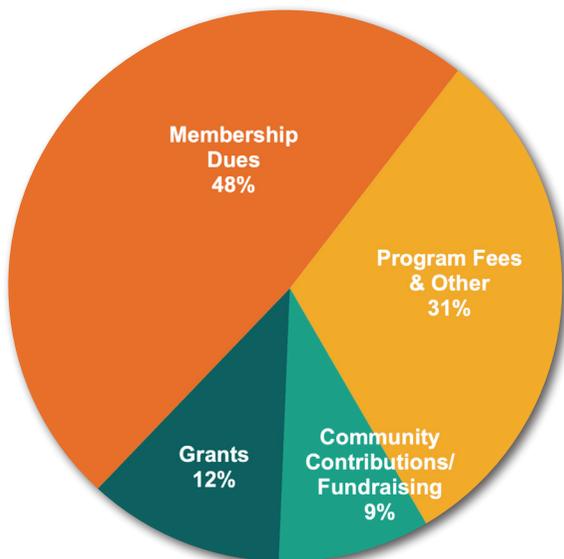

Originally from the Flint area and a graduate of Kearsley Schools, Melissa has lived in the Cadillac, McBain, and Traverse City area since 2003. She is also a dedicated parent to two children, one graduating this year and another currently in 10th grade.

Through her professional expertise, educational background, and commitment to relationship-centered youth development, Melissa plays an important role in advancing the Cadillac Area YMCA's mission to strengthen individuals, families, and the community.

# SAFETY AROUND WATER

The YMCA's Safety Around Water (SAW) program is a water safety, skills-based swim program that teaches students how to be prepared should the worst happen in and around water. Focusing on swimming skills that promote endurance, breathing control and floating, the students leave with the confidence to not only know what to do should they get in trouble but also how to get themselves out.

During the 2025 SAW season, the **YMCA partnered with 6 schools** from around the area, teaching classes to their 4th graders. **This year 290 students** came through the YMCA's doors to learn about water safety. Students' previous experiences ranged from "never being in a pool before" and "never having formal lessons, but family has taught" to students who compete on the YMCA's swim team.

Program Director, John Leech, says "this is an awesome program to have the opportunity to see someone go under for the first time who has never done that before, coming up with smiles on their faces and just enjoying the water. Even the more skilled swimmers are learning some leadership skills, acting as demonstrators for their students, or giving them support when they do a skill for the first time."

## AQUATICS/ PROGRAMS UPDATE

### 2025 was an explosive year for the Cadillac Area YMCA's programs.

Rookies Basketball saw 21 participants between 1st and 3rd grade all learning the basics of basketball. Flag Football had 106 participants between our 2 leagues, 6-8 years old and 9-11 years old. The YMCA paddled into uncharted waters this past year, introducing canoeing to our menu of programs. Canoeing took place over 6 weeks out at Camp Torenta, paddlers learned basic canoe safety, float planning, the 4 W's, basic paddle strokes, entries and rescues. The YMCA will continue its canoeing program in 2026, stay tuned for more information. We added Underwater Hockey to our list of drop-in sports in 2025. Underwater hockey consists of 2 teams of 6 players battling it out under water using fins, snorkels and "what appears to be a tiny boomerang" to push a puck across the pool bottom and score. The YMCA Cadillac Currents Swim Team had a tremendous 2024-25 season, breaking 19 team records and sending 11 swimmers to MTSL and YMCA States to compete in their age groups. Our age group swim lesson program taught over 670 kids swimming skills, ranging from blowing bubbles all the way to stroke development and swim competition. We are excited for what 2026 will bring our way and how more opportunities will be opened to serve our community.

# TEEN CENTER

Our newly renovated Teen Center is a vibrant, welcoming space created just for teens - because there's **no place like this place**. Designed specifically for adolescents, the Teen Center provides a safe, inclusive, and supportive environment where youth can connect, grow, and thrive. In an effort to breakdown barriers and increase participation, we provide free transportation from the middle and high school and provide a free meal to all teens.

This drop-in program offers the perfect balance of supervision and independence, allowing teens the freedom to come and go while knowing they have a safe space, supportive adults, and positive peer connections. The Teen Center focuses on building strong relationships, encouraging confidence, and helping youth develop the skills they need for healthy decision-making and lifelong success.

Teens can participate in a variety of engaging enrichment opportunities and activities that promote creativity, learning, leadership, and physical wellness. Healthy snacks are provided daily to support overall well-being and positive lifestyle habits.

To further support academic success, the Teen Center offers a tutoring program in partnership with the Cadillac High School National Honor Society students, providing homework help and mentoring for younger participants in a supportive and encouraging setting.

Through meaningful relationships, enriching experiences, academic support, and a safe environment, the Cadillac Area YMCA Teen Center empowers teens to explore their potential, build independence and strengthen their connection to the community — truly showing there's no place like this place.

# TEEN IMPACT

The Teen Impact Program serves youth ages 13–15 (grades 7–9), that are referred through our community. Teen impact provides structured and unstructured learning experiences that build confidence, strengthen life skills, and promote positive personal development. The program fosters resilience, hope, and equips participants with the tools needed to succeed in school, relationships, and future career pathways.

Through value-based mentoring and engaging learning experiences, the program focuses on social skills, self-identity, goal setting, time management, communication, stress management, empathy, personal responsibility, and respect for diversity. Participants also develop skills in decision-making, coping skills, making positive choices, and creating life balance.

The group meets twice a week for two-hour sessions at the YMCA and is facilitated by trained instructors. Sessions include small group discussions, experiential activities, games, field trips, and guest speakers that support social, emotional, and academic growth.

As a result of participation, youth demonstrate improved self-esteem and self-image, increased engagement in their education, and greater preparedness to graduate high school with clear post-secondary and career goals.
